### Blue Line Airbus A310VIP LONG HAUL VIP AIRLINER

French VIP charter operator Blue Line has introduced its first Airbus A310-300VIP long haul unit to its fleet. This airliner has been fully refurbished with brand new leather seats. The 96J VIP configuration is fitted in Business First Class seats, with two Club seating areas. This unique wide body aircraft enables 13 hours of flight duration non-stop. "This additional long haul capacity is a relevant addition to our fleet, a logical answer to the market's needs" says Xavier Remondeau, Blue Line's CEO and Chairman. "The choice of Lufthansa Technik as Blue Line's maintenance provider is also a strategic decision for reliable worldwide operations". Blue Line offers a wide range of custom made VIP charter solutions with its completing fleet and reactivity associated with a worldwide AOC coverage and a strong operational background.
